Baker Bidpractice/Set7 1

NORTH's 3♠ supporting bid is enough to convince SOUTH to make a slam try.

SOUTH bids Blackwood 4NT. If NORTH shows one Ace SOUTH plans to bid 6♠, but

when NORTH bids 5♣ SOUTH settles for 5♠

SOUTH makes a positive 3

♥

response to NORTH's 2♣ opener.

This promises at least 8 points and a 5-card suit with two or more honors.

NORTH only needs to know one thing - how many Aces in the SOUTH hand.

A Blackwood 4NT tells her the answer is one, so she bids 6

♥

.

Baker Bidpractice/Set7 3

When SOUTH opens 1NT, point-count alone tells NORTH that 6NT can surely be made.

SOUTH is bound to hold at least two Aces. But NORTH doesn't want to miss a Grand slam.

NORTH bids 4♣, (Gerber), and SOUTH admits to just two Aces.

So NORTH settles for the small slam.

SOUTH has a powerhouse and knows she will reach a slam somewhere. When NORTH

supports the ♠s, it seems she has found her spot.

Blackwood tells her that NORTH has two Aces.

She can see there are 12 tricks available and decides to take a chance that

NORTH will have a thirteenth trick somewhere among his opening hand points.

She bids 7NT.

Baker Bidpractice/Set7 5

NORTH is tempted to go right to 6

when she hears SOUTH's positive

response. BUT, she should use Blackwood first.

It's good thing she did because SOUTH admits to only one Ace - they are missing two Aces.

NORTH not only has 20 points, he also has a lot of winners.

So when SOUTH jumps to 2NT, showing 13-15 points, NORTH uses Gerber.

SOUTH shows two Aces so NORTH decides 6NT will be just right.
