When SOUTH makes a slam try with a jump to 3♠, the best approach for NORTH is to agree on the trump suit immediately but indicate a minimum hand by bidding 4♠.

SOUTH's next move is logical; RKCB 4NT.

NORTH shows zero or three Key Cards, and since it could not possibly be zero, SOUTH knows they are the ♠K and both red Aces. Even possessing all the Key Cards SOUTH knows there aren't enough points for a Grand slam.

It is usually not recommended to use any form of Blackwood when you have a suit with two quick losers, but SOUTH knows NORTH would not preempt with a 10-high ♥ suit.

NORTH's reply to RKCB is 5♥, showing two Key Cards. SOUTH knows they are the ♥A ♥K so she can count thirteen tricks.

She bids a confident 7NT (and hopes NORTH didn't open 3♥ with a 6-card suit.

SOUTH has 21 points, and when she hears NORTH make a limit raise she tries for slam with RKCB.

NORTH answers with just one Key Card so SOUTH stops at 5♠, knowing they are missing two Key Cards.

Of course she didn't expect the two missing Key Cards to be the Ace and King of trumps!

What is this doing here in the RKCB Practice Pages?

To emphasize that there are many 4NT bids which are NOT asking for Aces.

In this case, SOUTH showed a balanced hand with 18 or 19 points, and NORTH invited him to bid 6NT if he felt his hand was a "maximum". He didn't, so he passed.

When NORTH makes a Splinter bid, showing ♥ support and ♣ shortness, SOUTH naturally thinks about slam.

She uses RKCB 4NT, and NORTH, with one Key Card and a ♣ Void, bids 6♣.

Just what SOUTH needed for the 6♥ bid.

NORTH thinks they should be in slam, and uses Stayman to check for a 4-4 Major fit.

When SOUTH announces four ♠s NORTH uses RKCB 4NT.

SOUTH's 5♠ bid shows two Key Cards plus the ♠Q.

This fills the holes in NORTH's hand nicely, so she bids 6♠.
