

Stayman and Jacoby Transfers

The Stayman convention is used to find a 4-4 Major suit fit after one partner has opened 1NT or 2NT. Responder bids an artificial 2♣ and the Notrump bidder then bids a 4-card Major if she has one, or 2 or 3 ♦ otherwise.

The Jacoby Transfer convention is used to uncover a 5-3 Major suit fit after one partner has opened 1NT or 2NT. A response of ♦s asks opener to bid ♥s, a response of ♥s asks opener to bid ♠s.

The two conventions complement each other, that's why they are together in this set of practices.

Deal 1 Ctr: 4♠ Goal: at most ____ losers

s.

So NORTH bids 4♠.

Baker Bidpractice/Set4 21

SOUTH uses Stayman because he has a 4-card ♠ suit.

NORTH's 2

response wasn't exactly what SOUTH was hoping for,

so SOUTH decides to bid 3NT.

NORTH absolutely knows that SOUTH holds a 4-card Major -

and also knows that it isn't

also.

Baker Bidpractice/Set4 22

WEST has a rotten hand, and many players would just pass 1NT.

But WEST figures that having EAST play any 4-4 fit would be better than 1NT so

he bids 2♣, Stayman. This is called "Garbage Stayman", and you can see why.

EAST bids 2

and WEST passes. He would have passed

either 2♠ or 2

Baker Bidpractice/Set4 23

Just having a 4-card Major doesn't mean you must automatically use Stayman.

Here NORTH has a 4-card ♠ suit, but decides not to seek a 4-4 fit because his

hand wouldn't have any ruffing values in a ♠ contract. He bids 3NT.

Notice that even though SOUTH also has four ♠s the 4-4 fit is not useful to them in

a ♠ contract because neither hand can ruff any losers.

Baker Bidpractice/Set4 24

EAST has an invitational (9 point) hand with five ♠s.

She bids it in the standard way - first transfer WEST to ♠s, then invite

the game by bidding 2NT.

WEST, with 17 points and three ♠s, accepts the game invitation and chooses 4♠.
