SOUTH has one of those hands which might or might not be helpful to NORTH. He needs

more information about NORTH's hand, so he bids 2NT.

NORTH has a better than average hand, so she bids 3♣ to show a high card in the suit.

SOUTH was hoping for a high card in

s rather than ♣s, so

he signs off in 3♠

With four fast winners SOUTH should think about game. The best approach is usually to

use 2NT to find out more about NORTH's hand.

SOUTH found out that NORTH has good opening strength, and, most importantly, either the

A or

K. Now that she doesn't

have to worry about the opponents taking the first five

tricks

she bids 3NT.

NORTH is strong enough to be thinking about game, depending on how good SOUTH's hand is.

So he bids 2NT to get more information.

SOUTH has the exact hand to say 3NT - a suit headed by AKQ.

Game (and bidding) doesn't get much easier.

NORTH assumes her partner can win six tricks. So she will need to contribute four more to

make game.

Three of them are obvious, and she expects to get a

ruff also.
